

Budget Summary

2007-2008

Lake Washington School District

Each student will graduate prepared to lead a rewarding, responsible life as a contributing member of our community and greater society.

Introduction

his budget summary guides you to the 2007-2008 General Fund Budget of Lake Washington School District, a continuing effort to provide meaningful financial and budgetary information to the general public. It is our sincere intent to provide an effective tool for greater citizen involvement in the district's budget process.

The revenue estimates and spending plans summarized are shown in much greater detail in the formal budget, OSPI form F-195. Since this summary is intended as a citizen's aid to a better understanding of how public schools are operated, this document presents simplified financial information.

This budget summary contains displays of enrollments, revenues and expenditures. If you would like additional information, please call Lake Washington School District's Public Information Office at (425) 702-3300.

We welcome your comments and suggestions.

Budget Relationship to Board's Ends Policies

The Board of Directors established a set of Ends Policies that describe the desired outcomes for Lake Washington School District students. The areas covered include:

- Literacy and the Arts & Sciences
- Global Awareness
- Communication and Learning Skills
- Career Development and Employment Skills
- Personal Attributes and Ethics

The Ends monitoring process evaluates progress toward meeting these student learning goals. In the 2007-08 Budget, resources have been assigned to support better student performance in these areas. More detail is provided below.

Budget Resources allocated to accomplish Board Ends Policies

- Refining curriculum power standards and grade level guides in mathematics, as well as professional development in instructional practices, and end of unit assessments
- Development and implementation of curriculum power standards in Literacy focused on writing at the elementary level and reading at the secondary level.
- Helping staff work with parents so they are more able to help their children in math and science
- Training staff in Literacy and Science.
- Support of teacher leaders in Literacy, Math, Science and Technology.
- Improving Literacy through continued efforts including smaller class size in grades K-1, research and implementation of best practices in early literacy, Targeted Assistance for students needing extra support, as well as redoubling efforts to improve student performance in writing through piloting curriculum and instructional strategies. Also includes expansion of WAVE II to more buildings.
- Continuing implementation of inquiry-based science materials.
- Building the collaborative skills of teachers and administrators focused on improving student performance.
- Continuing increases in Targeted Assistance resources for students not meeting standard on WASL in Reading, Writing, and Math.
- Continuing development and implementation of Performance-Based Graduation Requirements more closely aligned to district Ends. Specifically in the area of culture and citizenship.
- Incorporating 21st Century skills in performance graduation requirements.
- Continuing development of data collection to monitor student performance related to Ends Policies.
- Working with Principals on the Ends found in Personal Attributes and Ethics as well as 21st Century Skills.
- Piloting a data warehouse to produce data for Ends monitoring that can also be used for school improvement planning.
- Improving services for student with special needs. Initiation of two regional K-1 self-contained programs for student's diagnosed with autism. Including specific and intensive staff training in instructional practices and methodologies for work with students diagnosed on the spectrum.
- Continuing support of enhanced certificated staffing for schools with high needs special education student populations.
- Continuing staff development in the area of autism to enhance teacher's ability to improve student outcomes both academically and socially.

What is a Budget?

budget is the instrument which sets forth a financial plan for the achievement of the goals and objectives of the school district for the up coming year. It is also the community's educational plan expressed in dollars. It is required to be formally adopted by the Board of Directors each year and a copy submitted to the state. The budget covers the school fiscal year which is September 1st through August 31st of the following calendar year. It establishes maximum expenditure amounts for each fund and provides a means of measuring and guiding performance. The budget consists of five separate funds:

General Fund

Accounts for the day-to-day operation of the school district. Included are all the normal and recurring financial activities of the school district that are not accounted for in other funds. Expenditures include salaries and benefit costs, and non-salary costs, such as supplies and materials, books and other instructional materials, utilities, purchased services and equipment. Revenues for the General Fund include state funds, special maintenance and operations levy funds, federal funds, and other funds.

Associated Student Body Fund (ASB)

Accounts for the student extracurricular activities in each school. Each school student body organization prepares and submits, for Board approval, a revenue and expenditure plan of ASB activities for the school year.

Debt Service Fund (DSF)

Provides for the redemption and payment of interest on voted and non-voted bonds. Each year an amount is levied which provides for redemption of bonds currently due, interest payments on bonds outstanding and related costs.

Capital Projects Fund (CPF)

Accounts for the financing and expenditures of capital projects. It includes modernization, new construction, equipping of new facilities, site purchases and improvements, major renovations, and technology system upgrades. Revenues for the Capital Projects Fund include state matching funds, investment earnings, site sales, impact/mitigation fees, bonds, and levies.

Transportation Vehicle Fund (TVF)

Accounts for the purchase and major repairs of pupil transportation vehicles. Revenue for this fund includes state depreciation funds and investment income.

Enrollment Comparison

Average Annual Full-Time Equivalent Students

Where does the money come from?

State Apportionment

Provides the largest portion, 55.4 percent, of Lake Washington School District's general fund revenue. Apportionment is otherwise known as state general purpose funding. The amount is determined by the number of students attending our schools and a series of formula factors including legislatively set base salaries, employee benefits and non-labor allocations, as well as the collective education and experience of our teachers.

Levy

Provides 18.4 percent of budgeted revenues. Levy amounts are capped by the legislature and must be approved by Lake Washington District voters at a special election.

State Categorical

Provides 14.5 percent of budgeted revenues. These are categorical funds that come from the state for programs such as special education, pupil transportation, English Language Learners education, learning assistance, student achievement and education enhancements. Most of these revenues are given for a specific program and are not available for other purposes.

Federal Funds

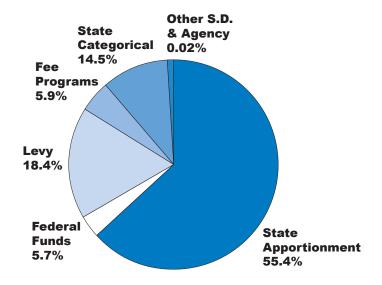

Comprises 5.7 percent of our revenues. These monies fund programs such as Title I and Head Start. They also provide supplemental funding for special education programs and support free and reduced lunches in the food service program. These revenues may only be used for their specific program purpose.

Fee Programs

Generates 5.9 percent of local non-tax funds for programs such as sales of school lunches, extended day care and all-day kindergarten. Also included are investment interest earnings.

Other School District & Agencies

Payments from other districts for participation in joint programs and grants from other non-state agencies accounts for 0.02 percent of budgeted revenues.

Where does the money go?

Direct Classroom Support

Draws 80.3 percent of the district's budget. This includes: teachers, instructional assistants; teaching supplies, materials and textbooks; counselors and librarians; special education and related services; staff development/curriculum development; and the costs of maintaining, cleaning, insuring, and providing technology support to school buildings.

Indirect Classroom Support

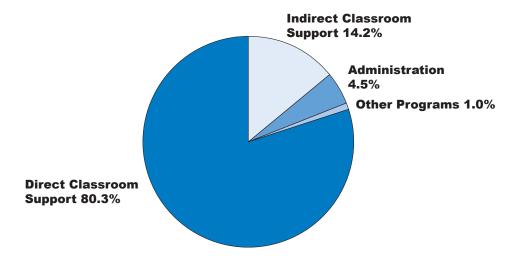

Represents 14.2 percent of the district's budget. This includes: building administrators, school support costs (secretaries, office supplies), transportation, food services, student activities and athletics.

Administration

Comprises 4.5 percent of the district's budget. This includes: superintendent and central office; business and human resources; administrative buildings' utilities, maintenance and technology support.

Other Programs

Makes up 1.0 percent of the district's budget. These include our community services programs.

Expenditure Budget

eneral Fund expenditures are categorized in several ways in the budget. These categories are defined through the state's accounting system to maintain consistency among the many school districts. The school district prepares its expenditure budget on a program basis. Program budgeting allows the district to examine the costs of individual instructional programs. The major General Fund programs are:

Regular Education

Covers the direct cost of basic education as defined in RCW 28A.58.750. Program expenditures include the salary and benefit costs of basic education teachers, principals, counselors, librarians, nurses and school secretaries. It also includes direct costs of instruction such as textbooks, supplies and materials, classroom equipment, and those materials such as library books which provide support to the classroom.

Special Education

Reflects the excess costs of educating students with disabilities. Teachers and certificated support staff (Psychologists, Speech Therapists) and classified support staff (Instructional Assistants, Para-educators) supplies, materials and classroom equipment.

Vocational Instruction

Covers expenditures for work skills programs that have been approved by the Superintendent of Public Instruction. Many programs such as business, marketing, trades, family and consumer science, and technology are a part of Vocational Education.

Compensatory Education

ESEA Title I

Provides federal remedial assistance to children who are struggling to meet standards in the areas of reading, language arts and mathematics.

ESEA No Child Left Behind

Provides for class size reduction, professional development, and safe and drug free schools.

Learning Assistance Program (LAP)

Provides state remedial assistance to children who are struggling to meet standards in the areas of reading, language arts and mathematics.

Special and Pilot Programs

Records expenditures for various state grants including: teacher assistance, national board certification, math and science professional development, and internship programs.

Head Start/Ready Start

Provides preschool programs to children of low income families.

Expenditure Budget

Compensatory Education (continued)

Promoting Academic Success

Provides funds to help high school students who have not met standard on WASL assessments.

Title III & English Language Learners

Provides programs for students that are learning to speak English.

Student Achievement

Voters approved Initiative 728 in November 2000, which provides additional funds for reducing class size, extended learning opportunities, professional development, and early childhood education.

Other Instructional Programs

Highly Capable (Quest)

Provides supplemental education services for students enrolled in our gifted program.

Community Services

Includes expenditures for our extended day program, stadiums, performing arts centers, and other miscellaneous reimburseable programs.

Support Services

General Support Services

Records expenditures to provide support for all programs of the district both instructional and non-instructional. Included within the program are expenditures for the Superintendent's Office, Board of Directors, Business Services, Human Resources, Information Services, Facilities and Maintenance, Utilities and Insurance.

Food Services

Records the costs of operating the district lunch and breakfast program. It is the intent of the district that the costs of this program do not exceed the revenues generated by local sales and state and federal support.

Transportation

Reflects the costs of the district's pupil transportation program.

Total Expenditures	\$179,180,270	\$190,822,605	\$201,060,865	5.37

Property Taxes

he school fiscal year runs September through August. Property taxes are levied and collected on a calendar year basis (January - December). The 2007-08 fiscal year budget reflects \$37.3 million dollars in levy funds. Property tax revenues provide approximately 18.4 percent of the total revenues available to the district for the 2007-08 school year.

The School Board has final authority in determining how levy dollars will be expended. However, in creating a levy expenditure plan, the Board followed a process that involved community and staff input collected from several public meetings.

These are the property tax rates per thousand dollars of assessed value for calendar year 2007 and the anticipated rates for calendar year 2008.

Year	Maintenance and Operation	Capital Projects	Debt Service	Total
2007	\$1.17	\$.48	\$.91	\$2.56
2008	\$1.16	\$.48	\$.92	\$2.56

The district may not collect more taxes than the amount approved by voters. The assessed valuation of taxable property in Lake Washington School District for 2007 totals approximately \$31 billion dollars. The tax rate is determined by the approved levy amount divided by the assessed valuation.

We anticipate that the owner of a home valued at \$500,000 for the purpose of tax assessment will pay \$1,280 in property taxes in 2007 that will go directly to Lake Washington School District. Property tax statements also list a "State Property Tax." This money is collected by the state and contributes to the state general fund of which approximately 43% is used for K-12 education as determined by the legislature.

We Welcome Your Opinions

he Board of Directors encourages the community to attend all Board meetings. Copies of the agenda for each Board meeting and schedules are available at the Superintendent's office.

An opportunity to address the Board is welcomed during the "Audience" portion of the Board Meeting agenda. Visitors are encouraged to comment on other specific agenda items as well.

We encourage you to take advantage of these opportunities to communicate with your elected representatives.
